Notes:

Goals for Summer and upcoming year as an org. and as officers

- Regular communication
- Virtual check-ins

Discuss offering a few meetings or small online events this summer or fall to tackle some issues and idea share.

- placement, something about online/hybrid education, and something about culturally responsive and/or anti-racist pedagogy.
- Of note, CWPA is preparing a low-cost series of WPA workshops on July 13. Perhaps those will overlap in a way that would be of interest to WAVA folks. Send reminder to WAVA folks?

How we might be able to use the website and other digital spaces in relationship to all these issues.

- Create a list of resources/links to relevant articles that could help teachers navigate these issues.

Discuss agenda for next WAVA meeting
